The Impossibility of Worship

Luke 1

We need divine help to worship as we should

1. Worship is the result God's work is to produce

Worship in His presence

Worship because of His provision

Worship because of His promise

2. Worship requires the work of the Spirit

He draws your attention to God

He directs your praise to God

3. Worshipers should remain under His control

Control requires salvation

Control requires submission

Conclusion: Experience the joy of Spirit controlled worship!
