

The voice of God
1 Sam. 13

Right is always right!

1. Live by what is right

When you are gripped with fear
When you are in the minority
When God appears to be late

Remember: God knows what He is doing

2. Align by what is right

Even when everyone is for it
Even when you are caught
Even when you can self-justify

Remember: quick confession is better than long excuses

3. Confront by what is right

Even when it sounds harsh
Even when it is about a person of influence

Remember God is not influenced by anyone's position
