

## **Jesus and Discipleship (Mark 3:13-14; Matthew 10:24-25)**

### **Main Idea**

Jesus demonstrates & communicates that transformation takes place when we get in a group to live life with others.

### **Ice Breaker:**

1. Who would you go out of your way to see and why? OR
2. What has been the longest you have been away from home?

### **Discussion Questions**

1. What stood out to you from the sermon? Any questions you may have?
2. What did Jesus want His apostles to do with their time? (vs. 14-15)
3. Was there anything unusual about some of the men Jesus chose? (vs. 16-19)  
Describe the men (background, occupation, etc.)
4. How has your relationship with Jesus Christ changed your attitude toward people with whom you previously would not have associated?
5. Have you ever thought of Jesus being a small group leader? Explain your answer
6. What societal trends, modern conveniences, and or personal beliefs work against a Christian being in a group?
7. Is there anything holding you back of following the example of Jesus by getting in a small group such as personal belief, modern conveniences, social trends, or other?
8. How could a small group enhance your growth in your relationship with Jesus Christ?

### **Application**

1. In Mark 3:14a Jesus appointed the twelve to be “with” Him. “Following Jesus today means following Him into deep relationships “with” other believers.” His pattern was gathering a few to transform the many”- Dave Earley

2. In Mark 3:14b Jesus then “sent” them to preach. In order to do this, we must eventually multiply out of a group for others to hear about Jesus to have a relationship with Him and experience biblical community in a small group.

3. Determine to follow Jesus' example of discipleship by getting with other believers

4. Being with the Master

Christ-likeness spreads to us from others

Christ-likeness spreads us to others

5. Being like the Master

Recognize His place of authority

Realize the power of His example

**Bottom Line**

Live life with others by getting in a group
