

## Are there Aliens Among Us?

### 1. The Bible only mentions earth as inhabited

Genesis 45:18 - Earth was formed to be inhabited

Psalm 8:3-4 - We are amazingly cared for by God

### 2. Why would someone like to convince us that there is life “out there?”

To prove that God has rivals

If we are not special – we are not created in His image

### 3. Similarities between demonic activity and contactee reports

Common reports of telepathy, dreams, visions (Luke 4:5)

More advanced, higher knowledge creatures (2 Cor. 11:4)

Supernatural powers, desire to rule or influence (Dan. 10:10-14)

Offer something of value to the contactee (Gen. 3:5)

Contactee enters into bondage (2 Cor. 10:4)

Fascination with reproduction (Genesis 6, Mark 12:25)

### 4. Warnings

Satan loves to appear as something different and attractive

Knowledge beyond our senses, outside of God’s revelation is suspect

Whatever distracts steals our hearts from God

Anything that offers an alternative explanation is counterfeit

### Bottom Line

Find fellowship with God (Psalm 8:3-9)
