

## **Eavesdropping on the Enemy (Judges 7:9-15)**

### **Main Idea**

As Gideon was eavesdropping on the enemy we can learn from him to ask the daily question; "is this the work of God?"

### **Ice Breaker:**

What dream do you still recall? Is this dream bothersome, motivational, or something else?

### **Discussion Questions**

1. Why did Gideon take his servant friend with him down to the enemy camp?
2. What kind of mission was this; a spy or morale builder? Why do you think this?
3. After Gideon went down to hear the dream & interpretation of it; how did his mood change?
4. What does this situation tell us about God?
5. Does God still speak to us in dreams or is this a thing from the past? Explain..
6. Gideon was encouraged by hearing the enemies' dream. What encouragement do you need in your life right now? Pray to The LORD specifically about this

### **Application**

Maybe today you're in a battle or about to face a battle. Regardless of the situation God will give you strength & don't be surprised by the way He helps you. Like Gideon, you must listen to God, ask "is this the work from You LORD", and then be willing to take the first step. Notice that Gideon found the courage & strength in God then made his move.

V. 15 Worship God & give Him praise before you take on any battle

### **Bottom Line**

Begin to look for God's work in your life!
