Here's Spit (and Mud) in Your Eye

Mark 8:22-26

The Strange Factor:

Jesus put mud and saliva on man's eyes before he is healed

The Underlying Meaning:

Suggested Meanings:

What was unclean for others was clean for Him
Since he was blind it told him healing came from
Jesus' mouth

Robertson suggests that the application of the spittle
was to encourage faith

Spittle was regarded as a means of cure by ancients

Real Meaning:

An insult: Numbers 12:14, Deut. 25:9, Matt. 27:30

An insult directed at disease

An insult directed at evil, sin and the devil

The Lessons for Us:

Don't miss the spiritual connection to all aspects of life

Don't miss making the spiritual connection in others
